**How to memorise the Holy Qur'an** serves as a manual for the student of the Holy Qur'an to guide him along his journey toward successful memorization. It provides the parent with all the necessary information regarding the support structure they need to have in place for their child who is memorizing the Holy Qur'an. It empowers the teacher of the Holy Qur'an with useful tips and guidelines which will prove useful in the quest to perfection and gaining quality performance from their pupils.

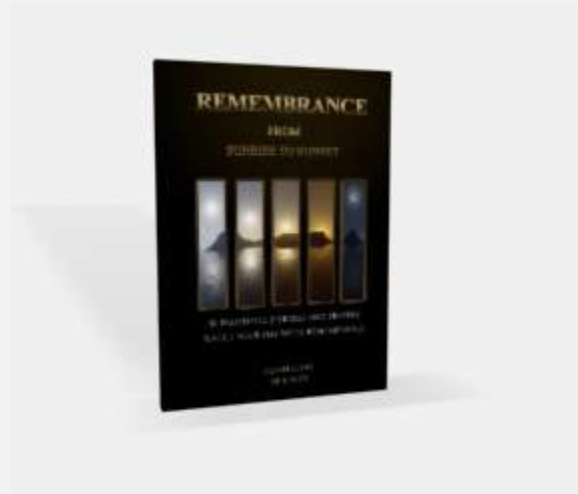

This work, **An Introduction to Quranic Etiquette**, focuses on one of the most critical issues facing the Ummah of Muhammad S.A.W ; the issue of character. The Prophet Muhammad S.A.W was reported to have said, I have been sent to complete the best in character. (Al-Muwatta). Every home should make Quranic Etiquette an essential part of child rearing and a source of family pride.

This unique compilation ***100 Ahadith*** is aimed at reminding us of the honored position that the Holy Qur'an should hold in our lives and in our hearts. There is no better text for this task than the words of our beloved Prophet Muhammad (pbuh) and we pray that this compilation of his cherished words, in regard to the Holy Qur'an, serves as a sufficient reminder and inspiration for one and all.

***Remembrance from sunrise to sunset***, is an attempt to remind believers of some of these basic prophetic guidelines. We are reminded that he, our Beloved Prophet (pbuh) is our leader and guide, sent to embody what our Maker requires of us and thus, following him is what pleases our Maker. We pray that by learning and using these phrases and prayers, our lives are enriched, our days are blessed and our relationship with our Maker is strengthened.
